This program provides a special opportunity for mothers and daughters to explore together God's magnificent gift of human fertility and the beauty and wonder of God's plan for growing up and becoming a woman. Topics include: the changes in a young woman's body as it prepares for motherhood; the onset of ovulation and subsequent menstrual periods; the functions of the female reproductive system; the sacredness of human life; and the value of chastity. The purpose of this program is to provide an atmosphere of love and learning to discuss the important topic of growing up and to establish a foundation for continued communication between parent and child.

The program is presented by the Family Life Office of the Diocese of Little Rock and emphasizes respect, understanding, and appreciation for God's gifts of fertility, sexuality and chastity.

Refreshments will be served.
